

Things to do *in Santorini*

We have planned and arranged some experiences and activities customized for The Majestic guests only.

The Local Friend

For those who want to come closer to our way of living and the local culture! Visit all the highlights and the hidden gems of this island accompanied and driven by a local friend, as we like to call your guide.

Picked up by car, you will visit the blue domes of Firostefani, Pyrgos traditional village and its mountain, and the highest point of the island, the monastery of Prophet Elias to enjoy the panoramic view.

Walk along the picturesque paths of Megalochori settlement where you can enter into a traditional cave house, admire the pistachio trees and have pictures of the colorful wooden doors.

Visit the Red Beach for pictures from the top of the mountain (visit the actual beach at the bottom is prohibited due to falling rocks and earth sliders).

Continue along the southern of the island and visit the Lighthouse for the breathtaking view to the Volcano from a different position.

Have wine tasting at a local winery where you can visit the wine cellars and vine yards.

Walk on the black thick sand of Perivolos as you get a taste of its vivid surroundings.

Drive in front of the Wind Mills and feel the culture, the history and the vibe of Santorini. The above suggested route is for 5 hours or you may make your own route and timetable.

For Wine Lovers

Santorini is famous for the wines and the unique grape varieties. Visit three wineries and taste the wines that we feel proud for. You may contact the front desk team for more information.

Sailing

Sail along the Volcano and the Hot Springs, swim in front of the Red and the White Beach, have snorkel at the Caves and explore the Aegean Sea.

Have fresh cooked lunch or dinner on board (BBQ – see food & Greek plates) drink and enjoy the sea breeze and the sunset (16 people on board all included, transfers as well).
